

I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I Desire and deserve. WHO wants to listen to the Kind of language the the continual commercials on the radio just to get bits and pieces of traffic and weather. XM is providing a terrific service and Fm and AM radio stations are horrible to listen to with the mindless chatter and imoral language and smut. At least you cna chose what you listen to on XM. Please don't make us slaves to advertising dollars which is what this is really about. it is almost as ludicrous as the US post office charging postage on E-Mail.

Thank you
